National Library Week was observed in April with an Open House. The theme was "Read, Look, and Hear" which featured new books, movies, and records that the library has for circulation.

The Summer Reading Club was "Be a Link in the Chain of Reading Fun." This proved to be very popular and over 30 youngsters participated. Prizes for the winners and a party for all was given at the close of the contest.

During the months of July and August, movies were presented on Tuesday nights for the young people with an average attendance of 50. We hope to enlarge the movie program this coming summer.

Mrs. Katherine Grimes of Stinson Lake made available to us many of her lovely paintings for an art exhibit, which we held in July. These were very much enjoyed by all and we appreciate her thoughtfulness.

We thank the Mt. Stinson Girls' 4-H Club for the gift of a 36-cup Automatic Coffee Maker. We also appreciate the girls sharing their project of Decoupage with us. Twenty-one girls exhibited their pictures in the Adult Reading Room.

We are happy to note an increase over last year in the number of books loaned to children and adults. We like to believe that more and more people are realizing the value of the library and the wealth of material it has to offer. The library subscribes to over 40 magazines, has some 250 records to loan, and many new books for your reading pleasure. Plan to visit us real soon. Remember, we are here to serve you and that the library is open to all.

LIBRARY TRUSTEES' REPORT 1970

The year of 1970 was a very active year at your library with changes in personnel and the added activity that drew more people to the library, both older and younger.

The trustees were sorry to receive the resignation of Ruth Young. We wish to take this opportunity to thank Ruth for the fine job she did during the years she was connected with the Library.

Muriel Kenneson was appointed Librarian and Georgia Duquet as assistant Librarian. They have done an excellent job in creating more activity and programs that have resulted in more people in the community using the library.

The trustees wish to thank all who have contributed to the success of the Library in 1970.

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

The 1970 forest fire season was a quiet one in this area, quiet in part because of your continued cooperation and favorable weather conditions.

Fires that did occur were, for the most part, caused by debris burning, children and smokers.

The elimination of these three causes of forest fires would drastically change this picture — to bring about this change we make the following suggestions:

1. When the ground is not covered with snow a permit to burn must be obtained from the Forest Fire Warden. This permit covers waste burning, even if an incinerator, grass burning, as well as garden trash and brush burning such burning is restricted by regulation to prior to 9:00 A. M. and after 5:00 P. M. with the following exceptions:

Commercial or industrial burning is permissible at any time under normal conditions but only with the approval of the District Chief and a written permit from the Forest Fire Warden.

2. Fires caused by children can be prevented only with the complete cooperation of parents in the supervision of their children, keep matches out of reach of children, this action will help to prevent fires and may save a life, the life of your child. Try to explain this to your child, won't you?
3. Forest fires caused by smokers can be reduced in number by the exercise of more care in the discarding of matches and smoking material whether from a vehicle or by a hiker. In all cases, make sure that the butt or match you discard is out, dead out. Smokey says, "Thanks for your help", and invites you to join with him in setting a good example for others in the prevention of fires and the protection of our environment.

Number of fires reported and acres burned:

DISTRICT	18 fires	—	33.6 acres
TOWN	2 fires	—	1/4 acre

REPORT OF THE TRUSTEES OF TRUST FUNDS

As of December 31, 1970

Nine new funds have been established and one has been added to this year. Regardless of the decline in the market price of our stocks, our income continues to be good and we are able to add to the funds at the rate of 6%. Some of our funds are in Certificates of deposit which also pay 6% when held to maturity; two years from date of deposit. We were able to add 6% to each fund this year.

Our portfolio remains the same as last year with the exception of receiving part of a share of Broad Street Investment Corp. as a stock dividend, and is:

1828 Shares	Puriton Fund	Market Value	\$23,453.14
1250 Shares	Keystone K-1	Market Value	10,362.50
784 Shares	Keystone B-4	Market Value	6,985.44
9 Shares	Broad Street	Market Value	128.79
			<hr/>
			\$40,929.97
Deposits in various New Hampshire Banks			27,405.54
			<hr/>
Total Assets			\$68,335.51

Of this total figure \$10,195.02 was deposited in new funds and additions this year of 1970 and does not include some interest which has not been reported to us by the banks at the time that this is written.

Respectfully submitted,

HAROLD A. MURDOUGH, Trustee

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

The people of Rumney certainly should feel proud of their present school. The staff is diligently trying to offer the children of Rumney a good education. The school staff is operating with a spirit of cohesiveness which is most evident when I work with individual members.

The curriculum is an area which will require some revision. The disciplines of math, science, and reading are the areas of emphasis for the next two years.

A National Science Foundation proposal has been written by certain members of Plymouth State College science department. This proposal, if funded, would train most elementary teachers (grades K-6) in Supervisory Union No. 48 to work with a selected science program for one year before putting it into operation in our schools. The teacher would receive a 6-credit course at no cost to the Town of Rumney. Hopefully the end result will be one of the most up to date science programs in the country. One other advantage will be continuity in the science background of the students going to your AREA High School.

Workshops in reading and testing have been set for next year. There will be other educational meetings to update teachers in new educational practices. With such a tremendous knowledge explosion over the past few years it becomes imperative that teachers constantly avail themselves of this new knowledge.

Next year Rumney will have a testing program that will be given in grades 2-8. This program will give us a general idea of student achievement and ability. We will be able to compare the student with himself which is the most important comparison, and we will also be able to view the curriculum on a local, Supervisory Union, and national basis.

A very important issue which all citizens of Rumney should be aware of is the State Standards for Elementary Schools. By September 1972 all elementary schools in New Hampshire must either comply with these Standards or submit a proposal for implementation with a "reasonable" time schedule. The penalty for not complying will be loss of all state aid which to Rumney means a substantial sum of money.

Although the Standards are quite forceful, in my opinion, the rationale for improved elementary education to a minimum of acceptability is quite logical.

A sequential plan for meeting the Minimum Standards is currently being worked out by the Superintendent's Office and your School Board. This plan will require a reasonable time schedule so the cost will be spread out over a period of years.

In closing I feel it appropriate to call your attention to the presently inadequate space in your school. An expanded facility is certainly needed. Certain members of the staff are working with multiple grades in one room. The cafeteria, hallways, teachers' room and library are frequently busy with student projects for lack of classroom space, and in general the total downstairs area teems with very active upper grade students.

It has been a pleasure working with the people of Rumney on various committees.

Respectfully submitted,

N. KENNETH SMITH

Assistant Superintendent

EXPLANATION OF SUPERINTENDENT'S SALARY

Chapter 189, Section 48 Revised Statutes Annotated of the State of New Hampshire, requires that the school district annual report show the total amount paid to the superintendent of schools as per the follownig quotation: "Reports. Each superintendent salary paid to the superintendent, showing in detail the amount paid by the state and each local school district, and their share of same. Said report shall be filed with the school board of each school district involved and shall be included in the annual report of the respective school district as a separate entry. A like report and entry shall be made for each assistant superintendent, teacher consultant, and business administrators, if any is in service in the union."

One-half of the supervisory union expenses is probated among the several school districts of the union on the basis of adjusted valuations. One half is prorated on the basis of average daily membership in the school for the previous school year ending June 30th. The salary of \$12,500, which was received by the superintendent of schools of Supervisory Union No. 48 during 1969-1970 was made up as follows: \$4,000.00 paid by the State of New Hampshire and \$8,500.00 prorated among the several school districts. Allowance of \$1,400.00 for travel within the union was also prorated as stated above.

The table below shows the portion of salary and travel charged to each school district.

	Percentage	Salary	Travel
Campton	18.17	\$ 1,544.45	\$ 254.38
Plymouth	49.42	4,200.70	691.88
Rumney	13.12	1,115.20	183.68
Thornton	7.51	638.35	105.14
Warren	5.64	479.40	78.96
Waterville Valley	1.22	103.70	17.08
Wentworth	4.92	418.20	68.88
	100.00%	\$ 8,500.00	\$ 1,400.00

REPORT OF SCHOOL DISTRICT NURSE

The nurse made forty visits to the school during the school year. Inspections were made for vaccinations; also for signs of infectious diseases, hair and skin infections and cleanliness.

Dental inspections were made on each pupil and the nurse assisted the Dental Hygienist on Dental Health Program.

The nurse assisted Dr. Kirk on Rubella Immunizations on grades 1, 2, 3 and 4, and the State Nurse with Hearing tests on grade 1 with the Vasc Audio test.

A Vision screening test on New York School Screening Tester was given each pupil, and a Hearing screening test was done on each pupil. Notices were sent home on pupils that needed attention in these areas.

Each child was weighed and measured and a health record kept on each one.

First Aid supplies were kept up to date and first aid was given by the Nurse when at the school.

Health conferences were held with parents and pupils as needed. Pre-school registration was held and records made out.

The nurse made eight home visits and took three pupils home.

HELEN H. FISHER, R. N.

RUSSELL SCHOOL—PRINCIPAL'S REPORT

1970-1971

It is with pleasure that I submit the Russell School Report.

There are two new faculty members this year, Mrs. Carol Braley and myself, Richard Goyette. Mrs. Braley teaches the 4th and 5th grades, while I teach Social Studies and Science in the 6th, 7th and 8th grades.

This year we have been fortunate to have Art and Music supervisors who come in once a week. With the cooperation of Plymouth State College we have been able to offer an individualized reading program for several of our students. Our Physical Education program alternates between the Town Hall and the classrooms.

I would like to thank our School Board, teachers, school lunch personnel, custodial staff and school nurse for their continued support and interest in providing a quality education for the children of Rumney.

Respectfully submitted,

RICHARD G. GOYETTE
